## Why EMDR?

EMDR is an evidence-based practice as listed by SAMHSA.

The American Psychiatric Association, the International Society for Traumatic Stress Studies, the US Department of Veterans Affairs

and Department of Defense designated EMDR as a treatment of choice for Post Traumatic Stress.

90% of mental health clients have experienced multiple traumas in their life.

## How is this program different from other EMDR trainings?

This is a hands-on clinical skills training for using EMDR and integrating it with your psychotherapy approach. This top-of-the-line training program exceeds EMDRIA's criteria for EMDR basic training, and features:

- No "Parts" or "Levels" – this is the whole package. No "extra costs" for consultation.
- 55 contact hours over several months to support mastery; 50 CEs
- Two full pre-EMDR days on trauma treatment approach and interventions.
- Small group breakouts
- Instructor to participant ratio of at least 1:10.
- Text book and other materials included.
- Competitive cost. Follow-up group consultation sessions included.
- Attachment, Dissociation, and Child Modules included

The training program involves lecture, demonstration, in-class practice, and on-the-job practice with your clients. This is an experiential training, and part of the learning is to practice the interventions with other participants.

## Who may attend?

EMDR Therapy training is open to master level mental health professionals who are licensed (certified or registered) by their state for independent practice and have a caseload

to practice the therapy while in the course. This training is also open to mental health professionals on a licensure track, with a letter of support from their supervisor.

## Trainers

*Annie and Ann are the co-editors and chapter contributors of the book EMDR and Children in the Play Therapy Room: An Integrated Approach.*

Annie Monaco, LCSW, RPT-S, is an EMDR Instructor, Consultant and faculty member of TI/CTI. Annie travels extensively throughout the US and internationally providing a multitude of trauma-informed trainings and specializes in dissociation, foster care, out of country adoption and offenders.

## What will I learn?

Participants will be able to:

- Identify clients who are ready for EMDR and prepare clients for EMDR.
- Conduct an EMDR session.
- Problem-solve a session that is not going smoothly.
- Use EMDR with a wide range of clients whose presenting problems are in some way related to trauma and/or loss.
- Integrate EMDR into a comprehensive trauma-informed treatment approach.
